ECO RANGERS GO PLASTIC FREE

Yesterday our incredible Eco Rangers met with Jo and Laura from Plastic Free Leamington and Warwick. They are raving about our Eco Rangers already on Facebook. We are the first school in the area working towards 'plastic free status' which means eliminating at least 3 single use plastic items from our school. Mrs Power and I are very proud of our articulate and enthusiastic children who are passionate about reducing harm to animals through the discarding of plastic waste. Any parents who wish to help please contact the school to see how you can get involved!
