

A governor came to watch the KS2 Carol Service and chatted with children who explained all about how to play hand chimes.

Emma visited Church with a packed house of families and parents who had come to join in the Carol service.

'I observed the KS2 carol concert today. I was pleasantly surprised to find that we would hear from years 4, 5 & 6 on the hand chimes as well as having the whole concert narrated by year 3. I really enjoyed listening to the hand chimes, particularly year 6 (who sang in French too!)

On the walk back with year 5, the children were telling me about their experience learning the hand chimes in Year 4 & carrying the skill on into Year 5. They clearly explained to me how to play the chimes and about all the different notes.

They should all be proud of themselves.'

“The children spoke clearly and confidently when doing their readings.”
