Dear RSC actors,

Thankyou for letting us watch your outstanding play of Julius Caesar I really enjoyed it. Firstly it was really fun being the people of Rome because it made me happy and was really exiting. Secondly, it was really admirable to watch because it made me Speechless that you learnt all those words.

I loved the set design because when the flags fell down it made me jump. I loved the actors costumes because they looked like I imagined they would.

When Mark Anthony did her speech I felt like I was involved because of the atmosphere and they way you put it was so realistic. The instruments made me exited especially when the ghost of Julius Caesar came in.

My favourite part was when everybody did the fighting scene because it made me excited and and nervous about what was going to happen next. My favourite character was Brutus because of how realistic and good he was.

Dear RSC actors,

We are so thankful that you visited us at Sydenham School. We were so happy to have such a treat. Our school is Bishops Tachbrook CoE Primary School.

Your play made me feel deeply exhilarated. I felt that my eyes were glued to the play from the first step that Caeser took, to the very last bow. I was speechless at the quality, effort and time that was put in to your performance.

To see the Mark Antony Speech in full was such an experience and as we have been practising it at school, I recited the whole speech!

I felt very involved in the play and was so excited to be a Roman citizen. I felt pulled in and rather scared in places.

The part that I will remember forever was the ghost entering as the music terrified me to the point of shaking!

I think the set design was brilliant. I just loved the curtains coming down!

I think your Shakespearian costumes were very effective and looked like the Roman actual people.

Thank you so much for using such impressive instruments. Once again I thank you and will recommend your plays to all my friends and family.

From a huge fan

Dear RSC actors

I'm writing to you to thank you for the wonderful play you showed us. The play made me feel excited and I wanted to carry on watching. I felt, when Mark Anthony had a speech he had emotion and I was happy to see a real live actor do it. I didn't like being a Citizen because you had to stand up lots. Every 5 mins! The fight made a huge impact on me because it was really long. I liked how Caesar was acting and how he was hurt but had to try and keep going. I did not know or see how you pulled down the curtains but it was clever. I think though you should've performed in a bigger hall. Thank you for coming to Sydenham School I loved the play and it was cool when you were surrounding each other with shields. I thought the costumes were brilliant and really Roman and were in the Shakespearean style. The atmosphere was spooky and war related. My favourite actor was Cassius because she had such a loud voice.

expression and was very active. My favourite
instrument was the twiddling violine. It was my
favourite because it made a spooky ghost noise when
the ghost came in. I was very happy we got invited
and our head chose our class.

Dear RSC actors
I'm writing to you from Bishops Tachbrook School to say thank you actors for coming to show us the Julius Caesar play. I liked the bit when we had to stand up and say "Who's that guy" "Caesar, Caesar." "I enjoyed where they were fighting. When the women came over to me and let me choose a card and at the start I was really excited because the people who were acting it out then came over to me and spoke to me! In the middle we had to do a tune on our knees. I liked the bit when Caesar came. When I was there I was really happy. When they did the Battle the actors had big shields. I enjoyed it very much and we got to meet some people on the play ground because we go 15 mins on the play ground.

Dear RSC actors.

I want to thank you for acting a play at Sydenham school. We are from Bishops Tachbrook School.

I was speechless when it started, it was so good. Hearing the Mark Antony speech made me feel as if I were in Rome. You made me feel like I was acting on the stage.

The ghost scene had most impact on me because the curtains suddenly dropped. The design was very appropriate for the Shakespearian play. Your costumes looked like real antiques, they looked fascinating.

The instruments were unique and played at the right time. My favourite character was Cassius her expression was amazing. The actors interacted with me and asked me questions.

Thank you for acting and letting us join in. I really enjoyed it and thought it was fascinating.

Your sincerely Abi

Dear RSC,

We are so thankful that you could come to Sydenham school to show us Julius Caesar the play. We really enjoyed it. My favourite part was the battle when you kept saying "ous". I think everyone enjoyed being the citizens of Rome and the army. Your costumes and set are outstanding. They are so good I could see every detail. We have been studying the speech by Mark Antony and seeing it performed was amazing. I loved the way you added to the set with the token like circle. It must of took alot of time and effort to learn your lines and actions. My favourite actor was the Sooth Sayer. Thank you for acting. From Toby Year 5

Dear RSC actors.

I am writing to you to inform you that your play was amazing! The play made me feel excited and scared. I loved Mark Antony's speech and the way it moved people's perspectives. I found it amazing that the crowd got to act too. The bit I liked the most was the battle between Cassius and Brutus vs Octavius and Mark Antony. I liked it because there was lots of action. I loved the set designs with the curtains. I loved the costumes you wore they looked like proper Roman costumes. The environments were eerie and haunting. The atmosphere was creepy! Thank you again

Dear RSC actors,

I am writing to you from Bishops Tachbrook school to thank you for the amazing first encounters Julius Caesar play. It was absolutely awesome. In the play my favourite part was when Caesar was a ghost because the music and the scene was really freaky. When Mark Antony does his speech my heart was beating because it was so loud. I also loved the costumes because they look like actual Roman costumes. I was speechless after the play because it was so good. When Casca was fighting Caesar near the end I was right next to them and they kept stamping on each other. My favourite character is Mark Antony because he uses so much expression. Again thank you for coming.

Yours sincerely Harry
